

Alex Joseph: VP of Finance, Executive Vice President

Why are you interested in these positions??

I am interested in VP of finance as that is my current position this year, so if re-elected I hope to experience what a normal year would be like as there were very few organizations requesting money, and I also had a great time. I am also interested in the Exec VP position as I feel I can help RHA grow a lot more in that position compared to VP of Finance.

How do you feel you would contribute to the Executive Board??

I would contribute the the Exec Board by providing my own opinions on ideas while also contributing by volunteering and determining how we should do something.

What experiences have you had that make you qualified for these positions??

My most influential experience that makes me qualified for these positions is the fact that I am currently the RHA VP of Finance so I already have an understanding of how the systems in RHA work.
