

## **Cassidy McCammon: President, Executive Vice President**

### **Why are you interested in these positions??**

I am interested in the role of President because I deeply care about the wellbeing of students in the residence halls and their experience living on campus. I feel that I would be a good representative of RHA to other organizations and knowledgeable enough about the different parts of RHA in order to assist others in their roles and maintain a healthy team dynamic

### **How do you feel you would contribute to the Executive Board??**

I would like to work with the Center Presidents in order to establish a greater consistency in structure between centers. I would also like to further strengthen RHA's relationships with other campus organizations.

### **What experiences have you had that make you qualified for these positions??**

My freshman year, I was a member of the Wells Quad Center Government, before joining the RHA Executive Branch as the Director of Sustainability my sophomore year. This year I have served as the RHA Executive Vice President.
