

Sedona Goebel: Executive Vice President, VP of PR & Marketing

Why are you interested in these positions??

As a current member of the RHA executive board, I have developed a passion for RHA and all of the amazing things that it does for our campus at IU Bloomington. I have served at several levels of RHA including being a member of an in-center government, Center President, and Vice President of Programming on the Executive Board and I would love to continue on in the organization and work with the executive board to do amazing things for this campus. I am specifically interested in the EVP position because I would really like to work more closely with Center Presidents to help them organize events and transition into their positions. I am also interesting in the VP or PR and Marketing position because I would really like to try a new position and I am especially interesting in figuring out new ways for RHA to reach it's members and increase member engagement.

How do you feel you would contribute to the Executive Board??

I am an extremely outgoing and organized person so I would love to help facilitate a positive and collaborative working environment within the Executive Board. I also feel like I would benefit the executive board as the EVP with my organizational skills to run GAs, put the bills together, and help other members of the Executive Board in achieving big projects. I would like to work with the other members of the Executive Board to tackle projects to make our campus more inclusive and sustainable. I would also like to work to continue projects already set in place my past Executive Board members.

What experiences have you had that make you qualified for these positions??

I have been a member of an in-center government, a Center President, and a member of the RHA Executive Board all of which have taught me so much about myself a leader, the campus we serve, and the organization itself. I would love to have the opportunity to continue serving our campus as a part of RHA.
